

Spinal Cord Injury Medicine (SCIM) Fellowship Application 2022-2023

Congratulations on deciding to pursue specialized training in Spinal Cord Injury Medicine! This document is intended to guide you through the application process. This will serve as the primary application for all ACGME-Accredited SCIM fellowships. Applicants are expected to have completed an ACGME accredited residency, and be eligible to sit for board certification, prior to starting the SCIM fellowship. The application below, as well as all supporting documents, should be emailed to each SCI Fellowship program for which you wish to apply. There may be supplemental information requested by the program, but it should not duplicate the information you supply below, and could be requested after the Match.

Traditionally, in-person interviews occurred at the ASCIP conference. Due to the continued pandemic and resulting government/institutional limitations, this may not be possible this year. All programs will offer virtual interviews as an alternative. If a candidate would like to see an institution in-person, programs will try to arrange this, however these visits may also be limited due to the pandemic. Preferential treatment is not given to candidates who are seen in person versus virtually.

National Resident Matching Program (NRMP)

All accredited SCIM fellowships participate in the NRMP. Much like in residency, the NRMP system allows you to rank the SCIM programs in order by preference, and a computer algorithm will match applicants to programs. An NRMP account number and registration in the SCIM Match is required in order to apply to an SCIM Fellowship.

SCIM Fellowship Application Important Dates	
August 11 th , 2021	Registration Opens on NRMP
August 19 th , 2021	Recommended submission of this application and supporting material.*
Labor Day Week, 2021	Opportunity to interview with programs at ASCIP Annual Meeting
